SearchAmerica Achieves Highest KLAS Data Status Rating

Independent Healthcare Technology Research Firm Awards Company ‘Validated with Ratings’ Status after Interviewing Customers

Minneapolis, MN., August 12, 2008 – SearchAmerica, today announced its has received the highest data status rating from leading healthcare technology research firm, KLAS, and is the first vendor to have its integrated suite of automated charity/Medicaid screening, payment predication and address verification solutions successfully reviewed by this organization.

KLAS’ *Validated with Ratings* data status in its Revenue Cycle – Patient Access category was awarded to SearchAmerica this summer after KLAS’ analysts confirmed six or more live organizations via independent phone interviews and posted performance ratings on its solution.

“SearchAmerica is pleased to receive this recognition from KLAS,” stated Daniel Johnson, President and CEO of SearchAmerica. “Our unique revenue cycle solutions have been implemented at hundreds of hospitals over the past five years, with very positive results. The KLAS review reaffirms SearchAmerica’s position as the “gold standard” in the industry for delivering financial clearing solutions that work.”

Information on KLAS, its assessment of SearchAmerica, and an explanation of their ratings are available at www.KLASresearch.com.

About SearchAmerica, Inc.

SearchAmerica leads the industry financially clearing patients using address verification, prediction of payment, and automated screening for charity, Medicaid, and other government programs with its Software-as-a-Service (SaaS) solutions. The company provides a complete range of products that are used by more than 900 hospitals to improve their revenue cycles. SearchAmerica’s quality and accuracy is best in class, and healthcare providers benefit from smarter data which produces a healthier bottom line. Documented case studies prove a significant return on investment, consistent with favorable public relations.
